CASE STUDY

COMMUNITY VOLUNTEERING
HERTS SHOW GROUND, REDBOURN

THE JOB

Community spirit is still alive and kicking!

We recently volunteered to help take down a Halloween Maze event at Herts Show Ground in Redbourn, after a company went bust.

Many retailers, staff and businesses like Phoebe from SASA Performing Arts Academy, have been left out of pocket by thousands, with no way to pay their staff. The event organisers went into liquidation mid-run of the event, causing chaos and panic for many.

Our team used their weekend alongside many friends and family members of Phoebe (who runs SASA school of performing arts) to take down the metal frame structures of the maze and the rest of their equipment safely.

It is times like this that community have to stick together and it was a pleasure to help out another small local business.

In the face of disaster, something exciting is being planned as we speak!
